Summary

I graduated Bellevue University with a bachelor's degree in software development with a 3.3 GPA. I graduated Southeast Community College in the top 5 of my class with an associate degree in automotive technology. I have extensive knowledge and experience working with IVR applications for DirecTV and AT&T. My degree was focused around Object-Oriented programming with the Java and SQL languages. I have website development and design experience using HTML5, CSS3, and PHP. My personal portfolio was built using these languages, as well as business websites for Texas Fungus (Arlington TX), and The Center for Holistic Development of Omaha.
